

Office Policies

Choosing dental care that leads to a lifetime of great oral health can be a significant financial investment. Because untreated issues often become more difficult and expensive to treat with time, we encourage patients to address issues early and have several different financial options to choose from.

Payment is expected at the time of service for patients' portion.

Payment plans are available for treatment costing more than \$1000.

We gladly accept cash, check and all major credit cards.

Dental Insurance-

Dental insurance is a contract between the patient and the insurance carrier and not between the doctor and the insurance carrier. Patients are responsible for paying all charges not covered by their insurance company, including fee considered 'above usual and customary fees' set by the insurance company. As a courtesy, we will be happy to help submit your claims for benefits or request a predetermination of benefits for you.

Missed Appointments-

Missed appointments add to the cost of dental treatment. There is a \$100 minimum charge for missed appointments without a 48 hours notice.

HIPPA-

The Health Insurance Portability and Accountability Act of 1996 requires that health care providers give patients a copy of the Statement of Privacy Practices. Your signature below indicates receipt of this form.
